

The Baldini group at UT Austin presents

# PSI Lunch

with Prof.  
Anna Tenerani

Physicists Supporting Inclusion

Career development conversations  
between physics professionals and  
underrepresented physics  
undergraduates

April 4th, 2023: 12-1pm

Prof. Anna Tenerani is a professor at UT Austin researching the physics of plasmas and space plasmas. She obtained her Ph.D. from the University of Pisa in Italy, before working at Caltech (JPL) and UCLA as a postdoctoral scholar and staff researcher, respectively. Prof. Tenerani joined UT Austin in 2019 and has since made important contributions to the study of plasma dynamics. During this informal discussion, Prof. Tenerani will share insights about her career path, as well as challenges and struggles she has faced in getting to where she is now. All participants will be encouraged to share their own personal stories and perspectives.
